ABOUT US

One of the main objectives of the Forest Conservation Council (FPC) is to work to maintain the continuity of natural life by protecting forests. In this context, the Forest Conservation Council (FPC) aims to protect and reproduce forests by developing various standards regarding forest protection and forest management, encouraging producers and consumers to sustainable forestry.

The Forest Protection Council (FPC) is an independent, non-government organization established to support environmentally appropriate, socially beneficial, and economically viable management of the world's forests.
